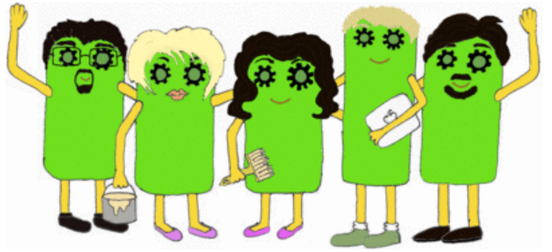
* 10%
= 76,000
* 10%
= 7600
* $100/day
= $760,000
* 2%
= $15,200/day

Sell Your Team

Introduce every team member
Give background and highlight experience
Talk about other connections and relationships



invest in people

Raise Money

How much money do you ask for how much equality?
How are you going to use the money?

Break Even

When will you break even? (based on your business model and market size)
What will be your projected revenue growth?

HELPFUL
TIPS

Less Slides, Less Text

"We have a strict no-PowerPoint rule here. It's pretty simple: People don't want to be pitched bullet points. If people don't have a product demo, I'm like, 'Well, come up with something.'"

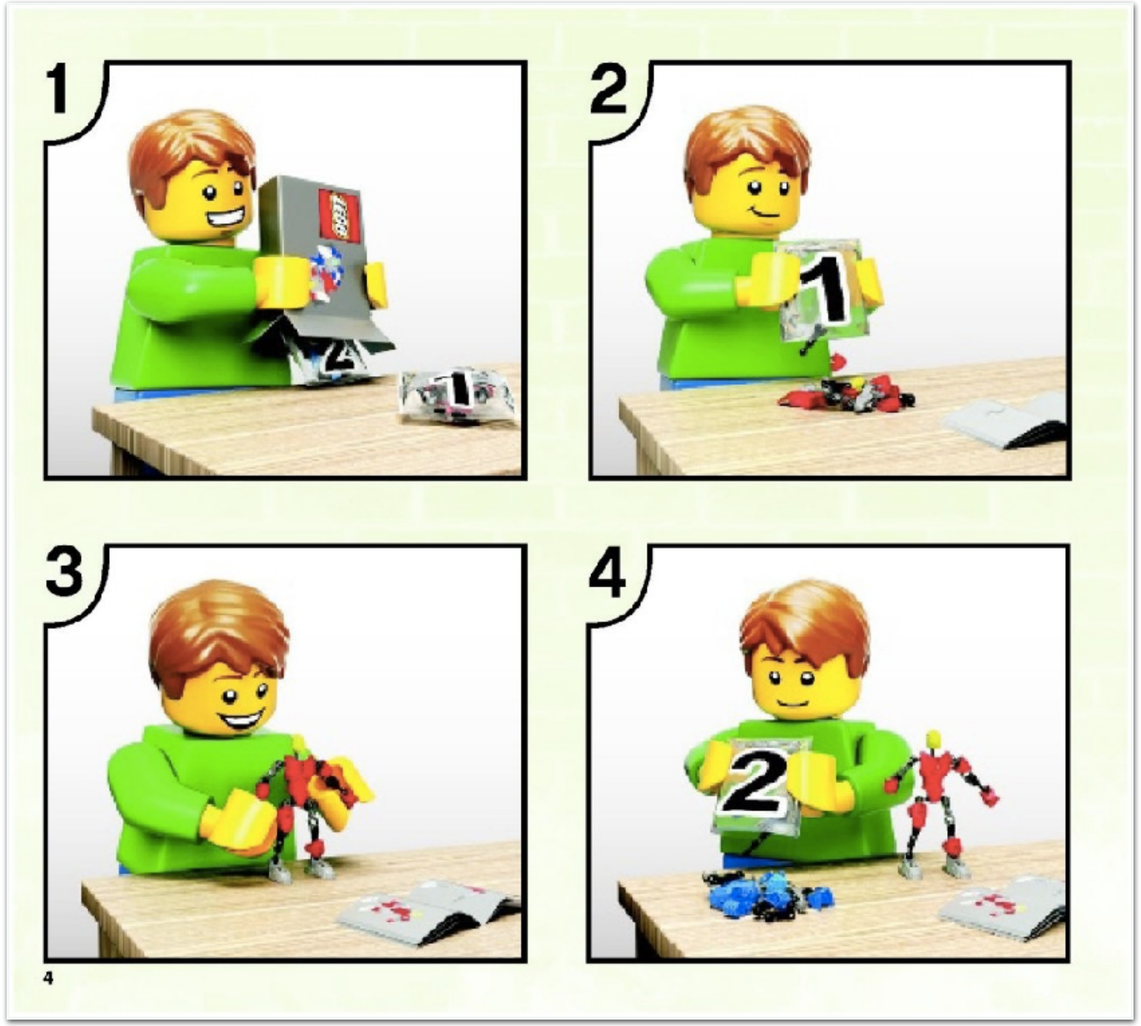
Follow a Demo Script

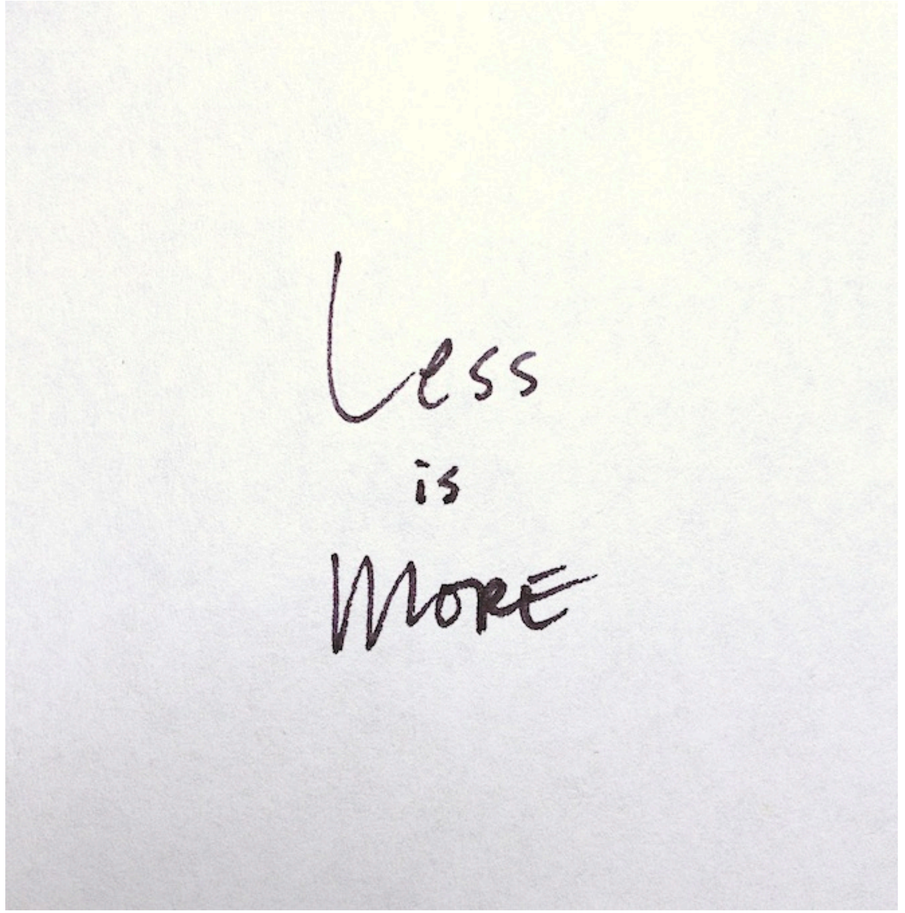
Don’t be creative during the demo



https://www.youtube.com/watch?v=w95kwXy_MOY

Short and Concise

Less is powerful



https://www.youtube.com/watch?v=qC7RiHy7znc

Don’t Trust Wifi

It could be really slow

Backup System & Video

Very important for big demos
